OAKLAND LAND SHOW WILL BENEFIT ENTIRE PACIFIC COAST REGION

After agitation by two or three individual communities of a proposition for Contra Costa county to have an exhibit at the Pacific Coast Land and Industrial Exposition in Oakland September 9 to October 6, the plan of at once making this a county wide movement with a proper official head has been adopted on advice of those experienced in exhibit work, and Sheriff R. R. Veale as Exposition Commissioner of Contra Costa, has been asked to call a general meeting of representatives from all sections of the county.

This meeting Commissioner Veale has fixed for Monday, July 8, at Martinez as the county seat. It was intended to meet this Monday, but more time was asked.

All persons in all the various communities that are interested in seeing the county and their own sections represented at the exposition in Oakland, are invited to be present. The meeting will be held at the sheriff's office at 11 a. m. and the delegates will appear that afternoon before the board of supervisors and present the matter before that body with the intention of having provision made in the next budget for a sufficient appropriation. Representatives of the exposition will also be in attendance.

This is the plan followed by the Richmond Industrial Commission last year, when it inaugurated, a successful movement for an exhibit at the California Land Show in San Francisco. Commissioner Veale did rapid-fire organization work. The benefits from the exhibits of the county and various communities at that highly successful show were acknowledged by everybody. This organization is co-operating again this year toward having an exhibit made and will have representatives at the county seat meeting.

The Oakland exposition will be the largest ever held north of the Tehachapi, with the exception of those in San Francisco. It will have real buildings and courts, with elaborate decorative features. The Oakland Auditorium will be the central building and around this will be the various mission style structures and large tents that are to house the various departments. These will include county exhibits, manufacturers' displays, tractor exhibits, live stock, poultry, shipping and other features.

The management of the exposition announces that it is being held as a war-time help to bring before the general public the most efficient methods of production and of manufacturing activity in order to help win the war.

HUNS MUST NOT RULE RUSSIA

WASHINGTON, June 28.—The United States takes the position that all branches of the Slav race should be entirely freed from German and Austrian rule. This was made plain by Secretary of State Lansing today in the following statement:

"Since the issuance by this government on May 29 of the statement regarding the national aspirations for freedom of the Czech-Slovaks

and Jugo-Slavs, German and Austrian officials and sympathizers have sought to misinterpret and distort its manifest interpretation. In order that there may be no misunderstanding concerning the meaning of the statement, the secretary of state has today further announced the position of the United States to be that all branches of the Slav race should be completely freed from German and Austrian rule."

FRENCHMEN WILL MEET TO TAKE PART IN WORK

Saturday evening at 8 o'clock at Estelle hall, 325 Sixth street, there will be a meeting of the French population of Richmond at which

time arrangements will be made for their participation in the Fourth of July parade. C. F. Donnelly, and other members of the Welfare Association, will address the meeting. Every Frenchman is expected to be present.

BIG CARNIVAL GREATEST HIT EVER THOUGHT OF BY PEOPLE IN RICHMOND

The city is doing something. It is alive! Pinch yourself and see if you, too, are alive. If so, remain alive until after the Fourth, for you cannot afford to die and be buried when there are so many possibilities for everybody just ahead of us.

Be alive to the fact that you are needed here at home on two of the biggest days in the history of the city and be still more alive to the fact that you should remain in this city for the great carnival which will take place here on the 3rd and 4th of July, but you should persuade every one of your friends to do likewise—they should be kept alive, too.

But we are all alive in Richmond. This is acknowledged to be the only town around the bay that is really and actually alive, and the people are all live wires who are always alive to anything which is calculated to keep the other people alive. It was live men and women who conceived the idea of a live carnival or two whole days on the 3rd and 4th of July for the benefit of the Red Cross. The town will be alive with activity on those two days and there will be many live attractions—a live Bosco, who will "eat 'em alive"; a live "Stell in the Well"; live fortune teller who will tell you all about the future, for you know what has already happened; the live committee in charge of the whole affair have many other live attractions which are calculated to make a live man sit up and take notice—likewise a dead one.

Remember, the entire proceeds of everything go to the Red Cross. There is not a penny in it for anybody. With everybody working for the success of the carnival it is a labor of love for our boys "over there." We are doing it for the money to be made out of our work and this will all be turned into the treasury of the Red Cross, with not a penny reserved for any other purpose.

Can't you stay at home on these days and get your friends to stay with you, to make of it one of the best and greatest celebrations in the history of this great little city? Surely you can, and will!

MR. OLNEY'S SISTER FROM EAST VISITING

Mrs. C. E. Olney of Ann Arbor, Mich., and her daughter, Miss Hella Olney of Detroit, Mich., are here visiting C. C. Olney, proprietor of the Fair Store. Mrs. Olney is a sister of the local merchant.

'BILLIE' EBEY MEETS DEATH WHEN TRAIN DEMOLISHES STREET CAR

Through the alleged carelessness of Jack Rodgers, conductor of San Francisco-Oakland Terminal Railway street car No. 527, and his motorman, Fred Carpenter, W. C. Ebey, a passenger "train herder," or switchman in the employ of the Santa Fe railroad in this city, lost his life last night at 10:15 o'clock. Ebey was caught between the back of Santa Fe train and the street car and his life crushed out. He died almost instantly.

The accident took place at the "Y" track of the Santa Fe on Ashland avenue. As is known by all street car and railroad men, if not the public generally, the street cars are compelled to look out for their own safety on steam railroad crossings. The practice is for traction cars to stop at a safe distance from the crossing, the conductor gets off his car and runs ahead of the railroad tracks to see if all is clear and gives the signal to his motorman to go ahead. It is alleged that Rodgers did not observe this precaution at

BRIGHT YOUNG MEN WANTED TO HANDLE SHIPPING

Perival J. Neal, recently appointed enrolling agent for the U. S. Shipping Board Recruiting Service, reports numerous inquiries from young Richmond men, who prefer serving their country in the great war on the sea rather than on land. Most of the would-be recruits want to know what the pay is while training. They are informed that it is \$30 a month, plus board and lodging, and the use of a uniform. After approximately two months on a training ship, the merchant marine recruits are placed in the crews of cargo or passenger vessels, for mercantile voyages to various quarters of the globe. They are exempt from military service.

NEW GOVERNMENT FOR RUSSIA

LONDON, June 28.—The Bolshevik government in Russia has been overthrown and Nicholas Nicolaevitch has been elected emperor, according to a wireless dispatch from Stockholm. Nicholas Leine and Leon Trotsky, respectively the Bolshevik premier and foreign minister, are reported to have fled.

The wireless dispatch added that troops under General Korniloff and General Kaledines, and also German forces, had occupied Moscow.

Both Austria and Hungary are affected by the revolutionary movement, which is said to be in progress on a large scale in Austria. The news paper advises declare. The spirit of revolt is said to be strongly pervasive in the army.

Violent demonstrations are reported to have occurred in numerous cities.

ALLIED COMMANDERS DECLARE HUNS ARE READY FOR DRIVE

LONDON, June 28.—Enormous preparations are being made for a new German offensive on the western front, according to indications. These extend all the way from Amiens to Ypres (taking in the northern half of the Picardy front and the Flanders front).

The resumption of air raiding against Paris is considered by the military authorities as one of the signs that a new blow is impending.

FRENCH ADVANCE IN NIGHT ATTACK

PARIS, June 28.—French troops last night carried out an operation on the front southeast of Amiens by means of which their lines were advanced in Senect whod, on the Arve river, the war office announced today. In this action and in other fighting between the Marne and the Oise, south of Compiègne, the number of 122 were taken. The statement reads:

"Northwest of Montdidier the French advanced their lines in Senect wood and captured 100 prisoners."

"Between the Marne and the Oise a local operation was carried out south of Compiègne and the French took 23 prisoners."

"The night was calm on the rest of the front."

BRITISH INFLECT LOSSES

LONDON, June 28.—Considerable artillery activity developed last night on both sides in the region southeast of Compiègne, southwest of Arras, the war office announced today. British patrols inflicted casualties upon the Germans in clashes in this area.

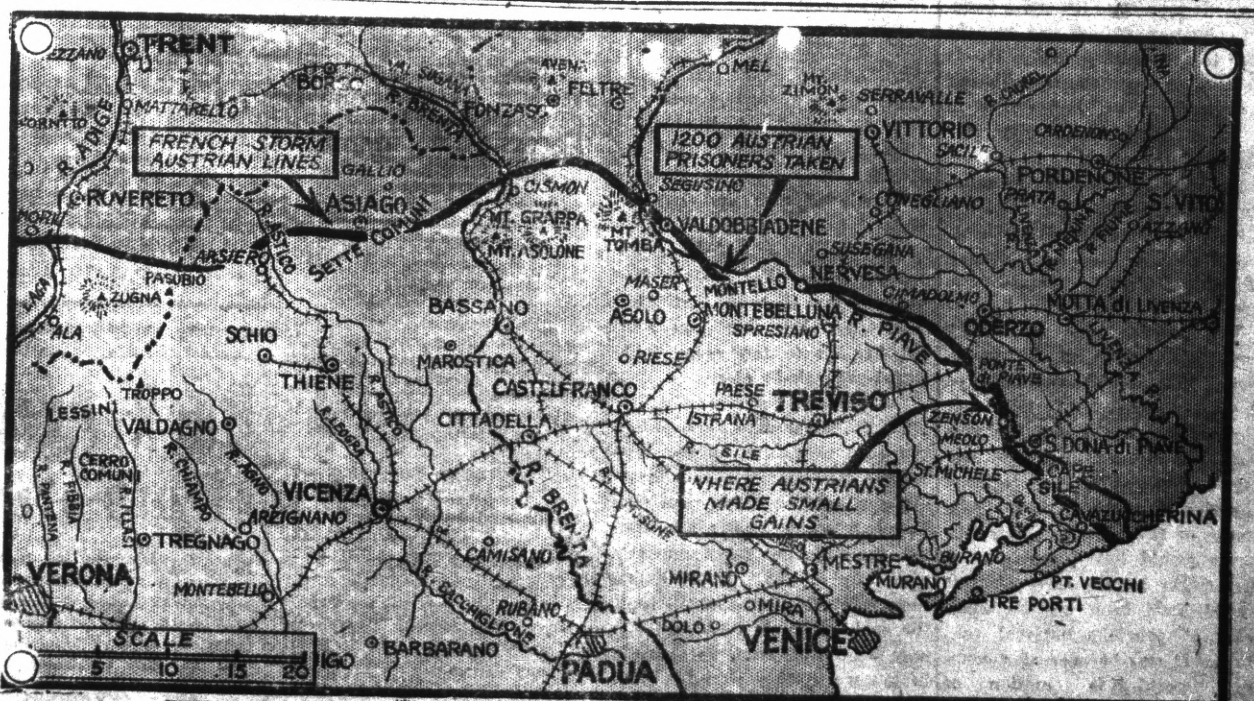

U. S. REPULSE RAIDERS

WASHINGTON, June 28.—Aside from the repulse of hostile raiding parties in the Torres, General Pershing's communique for yesterday says, there is nothing to report from the American front.

FUNERAL OF TUNNEL VICTIMS TO TAKE PLACE NEXT MONDAY IN RICHMOND

The funeral of the five victims of the explosion which took place in the outlet tunnel of the East Bay Water Company Wednesday will take place at the mortuary chapel of Undertaker Bert Curry on Eleventh street on Monday afternoon at 2 o'clock. There will be five hearse, and these, with the automobiles containing the relatives and friends of the five men, will make an impressive cortege to Sunset View cemetery, where the bodies will be interred side by side.

The inquest inquiring into the cause of death of the five men will be held at the office of Coroner Bert Curry on Monday evening. The names of the five follow: Neil Persson, foreman of the tunnel gang; Frank Lesore, William Balschewitz of San Francisco, Otto Green, Chas. Johnson, the latter a driller. All of the men, with the exception of Balschewitz, resided in the vicinity of the tunnel in El Cerrito.

WHERE THE ITALIANS ARE DRIVING BACK THE AUSTRIANS—On the northern front the Austrians seem to be blocked; there has been little movement since the first day of the drive, although severe fighting is in progress at many points.

SIGN YOUR WAR SAVINGS PLEDGE FOR ALL YOU CAN SAVE FROM NOW TO THE END OF THE YEAR.

"SIGN THE LIMIT"
The boys sign their service, yes, maybe they sign their "limit" in their lives and happiness. You sign your money, you sign the limit of every dollar you can possibly save and invest in War Savings Stamps this year. Not only must we put Contra Costa county "over the top" in the quota, but we must back our boys "over there." Provide Uncle Sam with money enough to care for them and bring them back home with victory.

We can go to the front and fight for our country by wielding the sword of gilt-edged security, such as our government is offering us now in War Saving Stamps. This sword will cut the Kaiser, hit the Hun, and pierce the heart of Prussianism more than anything else we can do.

Sign to save, to save till it hurts; then compare the greatest hurt you can inflict on yourself as compared with the thrust of a bayonet in your flesh, the tearing of your tendons by sharpnel, the stinking slime, the gnawing rats, the hell of the trenches, and the hate of the Huns and the torture of our women folk. Then compare even so feebly as we can how our lives and what we have done compares with the lives of those and what they are doing for saving our country, so we can live and enjoy the comforts of our homes here in Contra Costa and sunny California.

So great is our country's faith in our boys over there, so great is its faith in its patriots over here that it assumes all the responsibility of this world war. Our country does not ask you to give your money but merely lend it at a highly profitable rate of interest.

What is "your limit" in money for the life of your child—your wife—yourself? What is it worth to hold your home from the Hun? What is it worth to you to have those brave boys lay down their lives for you and yours?

THE FAITH OF AMERICA

A year ago, when America had not fully buckled down to the job of defeating Germany, there was in this country an impersonal attitude toward the Hun, the attitude men take toward a burglar whom conviction has brought face to face with punishment. It was not so much the Hun himself that aroused us, but rather in Kultur's breaking in upon the peace of the world.

As America's part in the great struggle grows, our attitude shifts. It turns less impersonal—the Hun ceases to be a symbol of evil, becoming instead evil itself.

Yet America must not wholly forget that, after all, it was an idea, a view, or interpretation, of the worth-whiles of life that plunges the world into the vortex. But for the nineteenth century's development of material energies and the material substance of raw resources, this war never would have occurred. A war might have occurred but it would have been on the small scale of previous national conflicts. It was because of a country's world-wide creation of wealth, wealth claiming men's very souls, that the super-struggle came.

This grocer's story surprises local people: "I had bad stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc. as

mixed in Adler-ka. ONE SPOONFUL astonished me with its INSTANT action." Because Adler-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything ever sold. C. E. Niederker, Drug-

DRINK HOT WATER
BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache, or if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and wash out of your stomach, the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, the urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowels pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

Barley, 612 Eighth St., says: "I think poor drinking water weakened my kidneys and caused kidney trouble. I had pains in the small of my back and at night, I was restless and could hardly sleep. I was very nervous and became easily upset. I had headaches and dizzy spells, when everything seemed in a blur. I read about Doan's Kidney Pills and one box, procured at the La Moine Drug Co., cured me." Price 60c at all dealers. Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel: like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast act on the stomach, liver, kidneys and bowels.

GAINED 15 POUNDS AND TROUBLES END

Only Weighed 126 Pounds When He Began Taking Tanlac— Now Weighs 141.

"Besides getting complete relief from my awful suffering I have actually gained fifteen pounds, so you may know by that what I think of Tanlac," said Nicholas Zimmerman recently. Mr. Zimmerman is employed at the Anderson Shipyards and lives in Kirkland, just across the lake from Seattle, Wash.

"For years," he continued, "my stomach was in such a bad condition that I could hardly digest anything. What I would eat seemed to lodge about half way down my chest, form a lump that felt about as big as my fist, and would just stay there. The pain was terrible and I could hardly bear to touch myself at the pit of my stomach at all. I couldn't work, and was just barely able to stay around my little place, where I raised chickens. My back, right under my shoulders hurt me, and I had such fearful headaches that I couldn't keep still. I got so I could hardly eat anything and was so nervous I could scarcely sleep at all. I had fallen off until I weighed only 126 pounds, and was in such a bad fix that I hadn't been able to do any work for some time.

"Then Tanlac came along and after reading some of the testimonials describing cases similar to mine I decided to try it and it has almost made a new man of me. Before I had finished my first bottle I commenced to feel good results and ever since then things have gone along fine with me. I don't believe I have had a headache since I finished that first bottle and my nerves are steady as a clock. I sleep as sound as a dollar, my appetite is great, and I can eat just anything I want without suffering a particle afterwards. I have been back on the job now for six weeks, never missing a day, and I don't mind my work in the least. I now weigh 141 pounds, which gives me a gain of fifteen pounds. I simply feel splendid and Tanlac gets all the credit. Tanlac is great medicine, and I can conscientiously recommend it to everybody because of what it has done for me."

Tanlac is sold in Richmond by F.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Richmond Citizen's Experience

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is now supposing you had a bad back, a lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-

away places.

It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Richmond case: T. P. Cummings, 1714 Macdonald avenue, says: "I suffered from backache and other symptoms of kidney complaint. When I stooped, I often got a catch in the small of my back and could hardly straighten up. My kidneys acted irregularly. Two boxes of Doan's Kidney Pills cured the backache and regulated my kidneys."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cummings had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, who about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon: "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels ill, the first thing he does is to take a PHYSICIAN. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking becomes a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble." By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

It is reported by the foreign news service that the ex-Czar of Russia has been killed by the Bolsheviks, which is only a matter that was to be expected and the only wonder is that it had not been done long ago, considering the kind of people those fellows are over in Russia. Somebody made an awful blunder in permitting a fast passenger train to plow its way through a trainload of sleeping circus people in the East the other night, but just who that somebody was is problematical. They say the engineer of the passenger train was asleep at his post and if so he should be taken in custody and punishment administered. Also the management of the road should be required to pay the full amount of damages for loss of life and to those who were crippled and otherwise injured.

NORMA TALMADGE SANTA FE SWITCH- IS STAR THIS EVE AT THE RICHMOND MAN KILLED

(Continued from page One)

In "Ghosts of Yesterday," the Select Star Series photodrama which will be shown at the Richmond Theater today and tomorrow, Norma Talmadge rises to really great heights of emotional acting in the portrayal of the two parts which fall to her in that production. Dual personality roles are rare because of the high artistry they call for, but in this picture Miss Talmadge verifies the praise which her performance have always brought forth. First as Ruth Graham, the poor little seamstress, and later as Jeanne La Fleur, the wanton Bal Tabarin cabaret singer, she delineates both characters with remarkable fidelity.

Howard Marston, an able young artist is redeemed from a life of dissipation by Ruth, whom he marries, and work on whose portrait is suddenly stopped by her untimely death. Broken-hearted, Howard goes to Paris, and there he finds in La Fleur an exact physical prototype of his late wife, but woefully different in her mode of living and her outlook on life. How the love which grows upon her changes her into a real lovable woman, and how he too finally comes to love the changed girl, provides a thrilling master-play of tense emotions.

this time, but gave the signal to go ahead with two taps of his signal bell, and without dismounting from the car. It is claimed that at the time he was conversing with his wife, who was a passenger on the car. Whether or not the motorman saw the danger before the crash came has not yet been ascertained, but he must have been warned in some way, for he jumped from the car and escaped injury.

The street car was smashed up badly and thrown from the track, though, fortunately, none of the passengers were injured. Everybody, including the conductor and motorman, jumped from the street car and thus escaped certain death.

The Santa Fe passenger train in charge of Switchman "Billie" Ehey, was being turned on the "Y" track to be put in readiness for its regular schedule for this morning. It was backing down from the depot, a baggage car in the lead with the switchman riding that car and with his signal lantern in his hand. If the conductor or motorman had looked in their direction, according to railroad men, they must have seen the lantern; also they could see the slowly moving train. Another version of the accident is that the train passed them, going ahead after the street car had come to a stop. After the train had passed on the motorman's go ahead, and just as the street car had gained the crossing the Santa Fe train suddenly began to back and crashed into them before they could clear the track.

Wherever the blame may be, Coroner Bert Curry, the railroad people and the traction management, are making an investigation and will place the responsibility where it belongs.

"Billie" Ehey leaves a wife and three children, living at the family home in Oakland. His body is being held at the local morgue by Coroner Bert Curry, pending the inquest, at which time full information concerning the accident will be given to the traction platform men and the passengers on the car.

Coroner Bert Curry summoned a jury last night and with the men comprising the inquisitorial body repaired to the scene to view the wreck with a view of coming to a clear understanding of the accident. The jury summoned is composed of the following gentlemen: A. O. Bennett, Theodore Barbikis, W. F. Logan, O. E. Hawley, L. Kiser, A. Morford, L. J. Glavenovich, O. B. Martin.

After they had inspected the scene and viewed the body of the dead switchman, the traction company was permitted to clean up the wreckage to permit resumption of the delayed traffic.

ANOTHER CANDIDATE FOR ASSEMBLY APPEARS

Another candidate for assemblyman appears in the political arena in the person of C. P. O'Connor of Pinole. It is understood that he has announced his candidacy and that he is going into the fight to win.

There are now three candidates in the field. They are Harry Watson of this city, "Billie" Calahan of Antioch, and C. P. O'Connor of Pinole. They are all striving to land the job on the Republican ticket. As yet nobody from the Democratic fold has voiced a desire to take a hand in the conflict.
